This year will mark the 10<sup>th</sup> anniversary of the Breast Cancer Coalition of Rochester's incorporation. During these past ten years, the BCCR has made an extraordinary difference in the fight against breast cancer by helping to pass legislation, supporting advances in gene research, and providing needed services and programs to support those coping with breast cancer. To date we have awarded over \$200,000 in research grants to local area researchers supporting our mission to promote and focus **research** into the causes, prevention, treatment and cure of breast cancer. A portion of the funds awarded has come from over \$67,000 donated from this tournament. We have made eradication of breast cancer a priority through **education** and **advocacy**, empowering women and men to participate fully in decisions relating to breast cancer and to provide **support** to those coping with a diagnosis of breast cancer.

**Local funds & support for Local women and families.**

The Breast Cancer Coalition of Rochester is a 501(c)3 Non-Profit Community Based Organization, dedicated to eradicating breast cancer through action and advocacy, and the only independently operated organization focused specifically on breast cancer in the Greater Rochester Region. We look forward to the day that no women will ever hear words, "you have breast cancer" again.

**By working together, we believe we can accomplish these goals.**
